Goals

Booking.com is developing feature to **take advantage of time and money** to help **travelers** to **plan their trips** with **reviews and recommendations** from Booking.com and their **friends**.

Assumptions

Users want and need a **trip planner** to **plan a trip in one place and share it with their friends**.

We will need to **merge My List and Travel Guides** to create the **trip planner**.

Stakeholders

For **MyBooking**, we'll initially have **1** stakeholders (travellers). Additional stakeholders such as **families, travel agencies** and **business travellers** may be added later.

Stakeholders

(Subject) (action) the (description) in order to (placeholder).

4	Traveler adds people to his trip	A traveler is able to add people who is going to travel with him	Nice to Have	

User Interaction and Design

#	Wireframe / Mockup	User Story	Scenario

1A	 <p>The Booking.com homepage displays a search form with fields for destination (San Francisco, USA), check-in (Jul 22), check-out (Jul 30), and guests (1 Guest). Below the search bar is a section titled "Would you like to share more information?" with dropdown menus for "Things to do" and "Daily Cost". A large image of the Golden Gate Bridge serves as the background. Below the search area, there's a section titled "Travel Guides for Top Destinations" featuring four thumbnail images: New York City (Shopping, Sightseeing, Museums), Las Vegas (Entertainment, Nightlife, Gambling), Orlando (Theme Parks, Universal Studios, Shows), and Dubai (Shopping, Luxury Brand Shopping).</p>	Traveler does a search	Traveler sees the homepage
1B	 <p>The Booking.com homepage shows the same search interface as 1A, but with different dropdown values: "Friendly Locals" in the "Things to do" field and "Budget" in the "Daily Cost" field. The background image of the Golden Gate Bridge remains the same.</p>	Traveler does a search	Traveler fills out the search form
2A	 <p>The Booking.com recommendations page for San Francisco shows a map of the city with various travel destinations marked. To the left, there are three recommended places listed:</p> <ul style="list-style-type: none"> Cot Tower: 1 Telegraph Hill Blvd, San Francisco, CA 94133. Locals have polarizing views about Cot Tower's appearance. It was inspired by the Art Deco movement and actually started as a city beautification project... (Rating 8.5) AT&T Park: 24 Willie Mays Plaza, San Francisco, CA 94107. Root for the home team here. Home to the San Francisco Giants, this ballpark gives baseball games an exquisite Bay backdrop. Of course foodie-centric Frans' brings its... (Rating 8.5) Lombard Street: Lombard St, San Francisco, CA 94133. Landmark. The world's "crookedest" street zig-zags, and zig-zags again. If you're prone to motion sickness, Lombard Street might be better seen from outside a moving... (Rating 8.1) 	Traveler selects places to add to his list	Traveler sees a list of recommendations (powered by Google.com)

2B		<p>Traveler selects places to add to his list</p>	<p>Traveler clicks on a heart to add a place to his list. Traveler sees that the color of the heart changes to red as an indicator that the place has been saved on his list</p>
3A		<p>Traveler shares his trip</p>	<p>Traveler sees a list of his places saved</p>
3B		<p>Traveler share his trip</p>	<p>Traveler clicks on a "share" button. Traveler sees a dialog component with a form.</p>

<p>3C</p>	<p>Traveler share his trip</p>	<p>Traveler fills out the form with his friend's email</p>
